

The participation in Lake County Days is extended to businesses and individuals throughout our community who are invested in the success of the Lake County businesses. Lake County Days sponsors will receive maximum brand exposure and recognition with this year's event. The sponsor's logo will be placed along with Lake County Days for all promotional and event materials. Sponsors will be provided the opportunity to be a part of this renewed effort to effectively promote and advocate issues that are most important to the business community of Lake County.
