

You're Invited: Join Us in Clermont For a Conversation on Your Community's Future

Florida will welcome an additional six million residents between now and 2030- is Lake County prepared?

You are invited to help plan the future of your region by joining us for the **Lake County Florida 2030 Town Hall on Friday, April 28**, hosted by the Lake County Chamber Alliance.

The Florida Chamber Foundation's Florida 2030 research project is reaching all 67 counties in Florida through a series of interactive town hall events. This two-year initiative is engaging business and community leaders in identifying key trends and factors that drive regional economies.

We need your voice to understand the issues that impact Lake County. Register today to confirm your place in this important conversation.
